**REQUEST FOR A CERTIFICATE OF CORRECTION UNDER C.F.R. 1.322**

Dear Sir:

This is a request for correction of the above-identified U.S. patent in view of errors which apparently occurred through the fault of the USPTO during the printing of the patent.

The corrections requested are listed below. The method used for identifying the corrections comprises quotation marks for deletions and dashes (—) for insertions, since corrections to a printed patent do not appear to fall under the guidelines for the revised amendment practice. Should some other format be necessary, please contact the undersigned attorney.

REMARKS

The correction in claim 20, column 16, line 66 relates to an obvious typographical error, i.e., 250°C is corrected to read 25°C as in claim 24 as originally filed.

A Certificate of Correction (Form PTO-SB/44) listing the above-requested corrections is attached in duplicate.

Respectfully submitted,
